

§ 143-58.6. Specifications for use of coal combustion products.

(a) State Construction Office to Develop Technical Specifications. – The State Construction Office shall develop recommended technical specifications for the use of coal combustion products that may be utilized in any construction by all State departments, institutions, agencies, community colleges, and local school administrative units, other than the Department of Transportation. The technical specifications shall address all products used in construction, including, but not limited to, the use of coal combustion products in concrete and cement products and in construction fill.

(b) Department of Transportation to Develop Technical Specifications. – The Department of Transportation shall develop recommended technical specifications for the use of coal combustion products that may be utilized in any construction by the Department of Transportation. The technical specifications shall address all products used in construction, including, but not limited to, the use of coal combustion products in concrete and cement products and in construction fill.

(c) Specification Factors. – The State Construction Office and the Department of Transportation shall consider safety, best practice engineering standards, quality, cost, and availability of an in-State source of coal combustion products in developing the recommended technical specifications pursuant to this section.

(d) Consultation. – The State Construction Office and the Department of Transportation shall consult with each other in the development of the recommended technical specifications pursuant to the provisions of this section in order to ensure that the recommended technical standards are uniform for similar types of construction. The goal of the Department of Administration and the Department of Transportation shall be to increase the usage and consumption of coal combustion products in their respective construction projects.

(e) Report of Recommended Specifications. – The State Construction Office and the Department of Transportation shall report the recommended technical specifications developed pursuant to this section to the Environmental Review Commission and the Joint Legislative Transportation Oversight Committee on or before February 1, 2015. (2014-122, s. 16.)
